

II 2G Ex ib IIB T6  
II 2G IIB c T6

Designed for safe and efficient grounding testing in explosive atmospheres, this self-retracting reel provides a convenient solution for operators. Its automatic retraction system ensures the grounding cable is always securely stored, reducing the risk of accidental contact and potential hazards. The reel's robust construction and flame-resistant materials make it ideal for use in hazardous areas, such as oil and gas facilities, chemical plants, and other industries where explosive gases or vapors may be present.

System	SREX 1
Protection .....	II 2G Ex ib IIB T6
.....	II 2G IIB c T6
Ingress Protection .....	IP33
Operating Temperature .....	-20°C to +60°C
Cable length.....	8m
Weight .....	18 Kg

Accessories
Fixation Bracket for installation
